CONTINUATION OF COMPLAINT:  
Kelvin Antonio BELTRAN-Lopez

**AMENDED  
PROBABLE CAUSE STATEMENT**

I declare under the penalty of perjury that the following statement is true and correct:

Furthermore, the complainant states that **Juan Antonio VENEGAS-Cervantes, Rolando CALDERON-Rosales, and Jose Amparo BIRRUETA-Espinosa** are citizens of a country other than the United States; that said aliens have admitted that they are deportable; that their testimony is material, that it is impracticable to secure their attendance at the trial by subpoena; and they are material witnesses in relation to this criminal charge and should be held or admitted to bail pursuant to Title 18, United States Code, Section 3144.

On February 16, 2008, Senior Patrol Agent S. Arroyo and Border Patrol Agent S. Waite were performing Border Patrol Operations in Tecate, California near the Ten Tower on the San Diego Gas and Electric Road. This area is approximately five miles east of the Tecate, California Port of Entry and one mile north of the United States/Mexico International Border Fence. Border Patrol Agents routinely position themselves in this area due to the high alien smuggling activity that occurs in the immediate proximity. State Route 94 is the major thoroughfare that runs east/west through this area and is a common corridor used by alien smuggling organizations in order to further the entry of their groups of illegal aliens into the United States.

At approximately 10:00 p.m., Agents Arroyo and Waite were alerted by the National Guard team, who was operating an infra-red night vision scope, to the presence of a large group of suspected undocumented aliens walking north east from the international border in this area. Agent Arroyo found footprints in the same area that the infra-red scope operator had observed the group of suspected illegal aliens, Agent Arroyo further observed the group's tracks moving east of her location. Agent Arroyo requested Sector Aircraft (OMAHA) to assist in locating the group. Agent Arroyo continued to follow the footprints, while OMAHA was flying in the area. At approximately 11:00 p.m., OMAHA spotted the group of eighteen subjects and directed Agent Arroyo towards their locations. Agent Arroyo found a group of eighteen individuals trying to hide in thick brush. Agent Arroyo identified herself as a United States Border Patrol Agent and questioned each individual, including one later identified as the defendant **Kelvin Antonio BELTRAN-Lopez**, as to their immigration status. All of the individuals including the defendant admitted to being citizens and nationals of Mexico illegally present in the United States without proper documentation allowing them to enter or remain in the United States legally. All individuals including the defendant were placed under arrest and transported to the Tecate, California Processing Center for interviews and further processing.

**DEFENDANT STATEMENT: Kelvin Antonio BELTRAN-Lopez**

The defendant was read his Miranda rights and was willing to answer questions without an attorney present.

The defendant stated that he has no legal immigration documents that will allow him to remain in the United States legally. The defendant stated that on February 17, 2008, he was going to get paid \$300.00 per alien he smuggled into the United States. The defendant stated that he has been a foot-guide for a few months. The defendant stated that he does not leave anyone that he smuggles behind and often offers the group a break before continuing. The defendant stated that he instructed the group to get down when they would see Border Patrol vehicle headlights. The defendant stated that on this occasion he only smuggled eight individuals and another foot guide took the rest. The defendant stated that he has been caught by the Border Patrol eight times before. The defendant stated that he was going to smuggle the group to Interstate eight and wait for a vehicle to pick them up.

On Sunday, February 17, 2008, Senior Patrol Agent P. Molina was performing Border Patrol Operations in Campo, California near an area commonly referred to as Castle Rock. This area is approximately 9 miles east of the Tecate, California Port of Entry and one mile north of the United States/Mexico International Border Fence. Border Patrol Agents routinely position themselves in this area due to the high alien smuggling activity that occurs in the immediate proximity. California State Route (SR) 94 is the major thoroughfare that runs east/west through this area and is a common corridor used by alien smuggling organizations in order to evade apprehension. Alien smuggling organizations also utilize SR-94 to further their illegal alien's entry into the interior of the United States.

At approximately 3:00 a.m., Agent Molina was alerted by Agent T. Chisholm who was operating an infra-red night vision scope to the presence of a large group of suspected undocumented aliens walking north east from the international border. Agent Molina found some footprints in the same area that the infra-red scope operator had observed the group of suspected illegal aliens, Agent Molina further observed the group as it moved east of his location.

Agent Molina positioned himself north of the group and waited for them to approach his location, the group spotted Agent Molina and began to run south toward the United States/Mexico International Boundary Fence. Agent Molina gave chase and was eventually able to apprehend 18 suspected undocumented aliens. Agent Molina identified himself as a United States Border Patrol Agent and questioned each individual, including one later identified as the defendant **Kelvin Antonio BELTRAN-Lopez**, as to their citizenship status. All of the individuals including the defendant admitted to being citizens and nationals of Mexico illegally present in the United States without proper documentation allowing them to enter or remain in the United States legally.
